The consumption of added sugar has
jumped 25 percent since 1984,
squeezing healthy foods out of the squeezing healthy foods out of the squeezing healthy foods out of the consumption of the Center for Science in the Public Interest
(CSPI), I urge the FDA to establish a
"Daily Reference Value" for added sugar of 40 grams and to require labels to disclose how much added sugar a food contains.

Hands Jahnston

Walls of Manion Reference Waller for Science in the Public Interest
(CSPI), I urge the FDA to establish a
"Daily Reference Value" for added sugar of 40 grams and to require labels to disclose how much added sugar a food contains.
